

Community Based Organizations (CBOs) and businesses can play an important role in supporting citizens through Kentucky HEALTH.

The mission of Kentucky HEALTH is to help individuals start on a path toward better health, improved employability, increased engagement in their communities, and long-term independence.

Community Based Organization and business involvement supports citizens and organizations for a **healthier Kentucky and stronger workforce.**

How can CBOs get involved?

- **Inform** people that they can enroll in Kentucky HEALTH at benefind.ky.gov
- **Connect** people to local resources
- **Post volunteer opportunities** using Business Connect
- **Host community programs** at your location
- **Invite** the Kentucky HEALTH team to participate or speak at your organization's events

How can businesses get involved?

- **Speak** with your **KCC Business Services Team** about additional resources to support businesses workforce needs
- **Post** open job positions using Focus Talent at FocusTalent.ky.gov

Learn more about Kentucky HEALTH:

- **Attend** a monthly Stakeholder Advisory Forum. View the schedule at KentuckyHEALTH.ky.gov on the Resources page
- **Visit** KentuckyHEALTH.ky.gov to find additional resources and sign up for Kentucky HEALTH news

Stay tuned for more information about how to submit your training and education content to count towards the PATH Community Engagement requirement!
